

USE

Use when the business spends on ads but cannot clearly connect spend to qualified leads or customers.

COMPANY

DATE

REP

INPUTS

Source code: V verified | C client estimate | B benchmark | A assumption

Monthly ad spend

Monthly leads

Qualified leads

Customers acquired

Average customer revenue

Scenario cost / qualified lead

LOGIC

Spend / leads; spend / qualified leads; spend / customers; compare scenario efficiency

OUTPUTS / SCENARIO

Current CPL

Cost / qualified lead

Customer acquisition cost

Scenario qualified leads at same spend

Additional qualified lead scenario

CLAIM DISCIPLINE

Call suspected inefficiency "spend worth auditing" until an actual audit proves waste.
